SUPPORTIVE CARE FOR THE RENAL PATIENT 2012

This annual multiprofessional renal palliative care course uses a mixture of lectures and small group case discussions to explore end of life care for patients with renal disease.

The meeting is aimed at consultants and trainees. Numbers are limited, so please apply early.

Organising Faculty:

Professor Edwina Brown,
Consultant Nephrologist,
Hammersmith Hospital, London

Dr Fliss Murtagh,
Senior Lecturer in Palliative Care,
Kings College London

Emma Murphy,
BRC Clinical Research Training Fellow,
Kings College London

Invited overseas speaker:

Dr Michael Germain,
Baystate Medical Center,
Tufts University School of Medicine, USA

Aims of Meeting

- Promoting communication between renal and palliative care health professionals
- Improving management of end of life for renal patients by understanding trajectories, symptom control and enhancing communication
- Disseminating results of end of life research projects
- Use of small group discussions to enable networking and understanding of pathways used in different renal units
